

Stoma Miscellaneous Appliances Norfolk & Waveney Agreed Fair Usage Policy

This policy has been developed in collaboration with Clinical Nurse Specialists at The Queen Elizabeth Hospital King's Lynn, The Norfolk & Norwich University Hospital, The James Paget University Hospital and local community stoma nurses.

- **New products should ONLY be initiated by Hospital/Community Stoma team.**
- **Retrospective & prospective requests for new items from dispensers should be declined.**
- **GP Practices should ensure they have written confirmation from a Hospital/Community nurse prior to issuing a prescription.**
- **Please ensure double quantity prescriptions are not released for holiday seasons.**

Patients overusing i.e. quantities not in line with this policy will need a clinical review with the Stoma team.

Hospital Trust Stoma Team	Community Stoma Team

Queen Elizabeth Hospital King's Lynn: gehkl-tr.stomacaredept@nhs.net 01553 613234 or 01553 613613 Bleep 3645 or 3544	South Norfolk: 07841 913145
	West Norfolk: 01553 613234

Type of Appliance	Agreed products in Norfolk & Waveney <i>(Ensure correct specific code prescribed)</i>		Recommended Quantities
Adhesive Removers Sprays	Sprays are more cost effective than wipes. Generally, prescribe one type but might need occasional both spray/wipes as directed by stoma nurse.		
	Lift Plus 360 Citrus 5507 Lift Plus 360 5506 SALTS WAP CliniPeel No sting 4501 *Refresh 3 in 1 R350 * for patients who also need a barrier film	1 bottle per 30 pouches Multiple stomas will need double amount	
Adhesive Remover Wipes	Wipes may be more suitable for people with poor dexterity or two-piece stoma bags.		
	Lifteez 60321 SALTS wipes WAP 2	1 single wipe per pouch (1 box per 30 pouches)	
Barrier Wipes (films, foams)	Short-term use only via Clinical Nurse Specialist (usually 3 months) All barrier preparations are on specialist advice.		
	Medicare Derma S wipes 60307 Salts wipes PPS1	One pack for every 30 bags	
Barrier Sprays	For peri-anal soreness, anal dilation soreness, peristomal breakdown.		
	Medicare Derma S Spray 50ml 60819 Cavilon pump spray 28ml 3346P	1 bottle per 30 bags	
Other Barriers e.g. creams	For mucocutaneous hypersensitivity, Cancer patients & complex dermatological conditions. The ICB does NOT support the prescribing of SACHETS. These are classified on the traffic light system as BLACK i.e. not for primary care prescribing.		
	Medi Derma-S Barrier Cream 90g 60345 Pelican Barrier cream 60g 130100E Guard Barrier Cream 60g RMC1	RMC1 – Be mindful of supply issues.	
Discharge Solidifying gels	Sometimes described as thickening gels. Consider second and third line in patients with chemotherapy induced diarrhoea, jejunostomy		
	Gel X caps GEL-X Others Convatec Diamond Sachets TR105 Absorb Neutralising sachets PFW6	1 box per 30 bags.	
Irrigation Kits accessories	Complete kits provided by Trust Stoma nurses. GP to prescribe replacement accessories.		
	Coloplast OR Dansac including accessories	These should last up to a year. Please refer to spiel above	
Lubricating gels	Lubricating deodorising gels via clinical nurse specialist. These are used as a lubricant, not deodoriser as they help to reduce pancaking. The ICB does not support the prescribing of the sachets		
	Glide Odour Neutralising Lubricant TCB6 Brava lubricating Bottle 12061	1 bottle lasts approximately 3 months	

Seals /Barrier Rings	These are mouldable and help prevent leaks. PS Check to see if still needed before issuing a repeat prescription	
	Eakin Brava Adapt (not CERA)	ALL codes ALL codes ALL codes

30 per month i.e.one per pouch

Type of Appliance	Agreed products for FP10 in Norfolk & Waveney (Ensure correct specific code prescribed)		Recommended Quantities
Stoma Powder	Orahesive Powder	S106	As per Specialist recommendation from Stoma Team
Stoma Paste	Pastes are used to create an even surface immediately next to the stoma this gives a good seal and helps to prevent leakages.		
	Convatec Paste Salts Dansac Soft Paste	S105 NSP1 77550-0	As per Specialist recommendation from Stoma Team
Support Wear	Levels 2- 3 belts are supported by the ICB. These should only be prescribed following an assessment by Clinical Nurse Specialist. The ICB does not support the prescribing of Level 1 support undergarments or vests		
	All Brands		Maximum 3 per year
Flange extenders	Brava Elastic Tape	ALL codes	15-20 per month
	Genii (Trio) Flange Extender	TR1060
