

## Norfolk & Waveney Agreed Fair Usage Policy Stoma Miscellaneous Appliances

This policy has been developed in collaboration with Clinical Nurse Specialists at The Queen Elizabeth Hospital King's Lynn, The Norfolk & Norwich University Hospital, The James Paget University Hospital and local community stoma nurses.

- **New products/samples should ONLY be initiated by Hospital/Community Stoma Team.**
- **Retrospective & prospective prescription requests for new items from dispensers should be declined eg samples provided to patients as they may not be clinically appropriate.**
- **GP Practices should ensure they have written confirmation from a Hospital/Community nurse prior to issuing a prescription.**
- **Please ensure double quantity prescriptions are not released for holiday seasons.**
