

# FreeStyle Libre 3 PLUS

## Introducing the new Libre 3 Plus sensor.

### WHAT'S NEW:

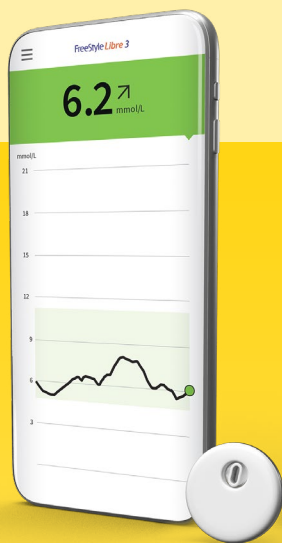

**Easy to use and comfortable to wear** for up to 15 days<sup>1</sup>—that's just 2 sensors a month

**For all people with diabetes aged 2 years and older<sup>2</sup>**—including pregnant women

### PLUS ALL THE GREAT FEATURES OF THE LIBRE 3 SENSOR

- **Outstanding accuracy<sup>3</sup>**—with real-time glucose readings sent every minute directly to the Libre 3 app<sup>4</sup> or Libre 3 reader<sup>5</sup>
- **The world's smallest<sup>3,6</sup>, thinnest, most discreet<sup>3</sup> sensor**—about the size of a one-pound coin
- **Connected care**—authorised to work with the mylife Loop AID system<sup>7</sup>

# FreeStyle Libre 3 PLUS

## The new Libre 3 Plus sensor.

From the 1st of February  
available to prescribe  
(PIP Code 434-7779)  
and via NHS Supply Chain  
CGM framework

The Libre 3 Plus sensor  
conveniently works with  
the **current Libre 3 reader**  
and **Libre 3 app**<sup>4,5</sup> for a  
smooth transition

**Prescribe the Libre 3 Plus sensor  
for your eligible patients today and  
upgrade existing Libre 3 prescriptions  
to the Libre 3 Plus**

AID=automated insulin delivery; CGM=continuous glucose monitoring.

**1.** Alva, S. *Diabetes Ther* (2023): <https://doi.org/10.1007/s13300-023-01385-6>. **2.** The indication for children (age 2–12) is limited to those who are supervised by a carer who is at least 18 years of age. A carer at least 18 years old is responsible for supervising, managing, and assisting the child in using the FreeStyle Libre 3 system and interpreting its readings **3.** Data on file, Abbott Diabetes Care, Inc.

**4.** The FreeStyle Libre 3 app is only compatible with certain mobile devices and operating systems. Please check our website for more information about device compatibility before using the app. Use of the FreeStyle Libre 3 app may require registration with LibreView. **5.** Important information: the FreeStyle Libre 3 app does not share data with the reader. If the FreeStyle Libre 3 sensor is started with the FreeStyle Libre 3 reader, user will not be able to use that sensor with the FreeStyle Libre 3 app. **6.** Among patient-applied sensors. **7.** FreeStyle Libre 3 Plus is authorised to work with the mylife Loop automated insulin delivery system, including the mylife CamAPS FX app and mylife YpsoPump insulin pump. For use of FreeStyle Libre 3 sensors with the mylife Loop, refer to the labeling provided with the mylife CamAPS FX app.
