

# Interface and Formulary Update - Issue 39

**November 2025**

## Key messages from **November 2025** TAG meetings - (ratified by Medicines Optimisation Programme Board)

### Commissioning Review – Guidance on the prescribing of shower and swim protection pouches

- Currently **BLACK** – **Not commissioned for local use**
- Commissioning Statement published on [KNoW](#)
- Netformulary entry **updated**
- Reminder in 'news' sections on **Netformulary** and **Connect NoW**
- Letter sent to manufacturer
- **BLACK** classification includes all brands (e.g. Cath Dry Dressing, Independence easy access / wound protection / collection pouches, or LINC catheter shower pouches) as well as related products (e.g. Independence No Sting Barrier Film wipes). Brand and product lists are not exhaustive.

### Commissioning Review - Peristeen Light – low volume transanal irrigation device

- New product
- Requests from Continence team to prescribe
- Not yet commissioned for local use
- **BLUE** classification pending formulary application

### Formulary Review – Continuous Blood Glucose Monitoring

- Freestyle Libre® 2 and 3, and Dexcom ONE and ONE+ have been amended to **Amber Advice** - Primary care initiation following specialist recommendation
